Student-Focused Admissions Process Helps Ensure Good Fit

The League School's student-focused admissions process helps ensure that the school is a good fit for the student. "We use a comprehensive process to determine if the League School is a good fit for the

teachers and staff. She has friends for the first time and she is happy to go to school!

Recently, Claire asked what her new school will be, assuming another transition would be coming. I explained that this is her new school for many years. She happily exclaimed, 'Oh, it's like my new home!'

She is challenged at League. She is nurtured at League. She is being guided into adulthood at League.

She is finally home at League!
