

Grants Help League Make Progress on Major Priorities

Thanks to the generosity of Digital Federal Credit Union and the Flutie Foundation, the League School received two \$10,000 grants, enabling us to make progress on some key projects. [Read More.](#)

Virtual Walk/Run for Autism Set for April 16-18th

Join us virtually for this fun event during Autism Awareness Month! Get those sneakers out of the closet, register yourself or start a team and help make a difference for our students. [Register Today!](#)

We Need Your Help in Completing the Outdoor Learning Space Project

After Phase II of the playground project is completed, we hope to move forward with purchasing and installing playground equipment. Building a new playground is a critical need for the students, who benefit socially, emotionally, and physically. Playgrounds also foster exploration and discovery, and a variety of equipment helps children develop problem solving skills and confidence. See what kind of equipment is on our wish list. [Read More.](#)

Light at the End of the Tunnel: Covid-19 Vaccines are Here!

To say the last year has been challenging would be an understatement. When the League School had to close in-person education in mid-March of 2020, we had no idea how long and how severe the pandemic would be. Fortunately, we now have light at the end of the tunnel – COVID-19 vaccinations of staff and students is underway! [Read more](#)

Thanks to Jim Connolly and Anne Maxon, League School's Nursing Staff, for their hard work keeping everyone safe.

A Great Team Makes a Great League: Staff Profile

Technology and Jack Liu Rise to the Challenge

There wasn't a lot of time to get students, families, and staff set up and trained for technology-based learning when the League School pivoted to an online model last spring. Fortunately, the League School's Jack Liu sprang to action. Jack, who is the League School's Assistentive Technology and IT Specialist, took four actions that helped ensure a smooth transition.
